PROFESSIONAL SUMMARY

- 5 years of work experience as a JavaScript/Angular developer, developing applications using HTML5, CSS3, Bootstrap, JavaScript, jQuery, jQuery UI, and jQuery Mobile.
- Excellent knowledge in developing applications in a Single Page Application (SPA) using JavaScript frameworks like React, Angular V2+, and NodeJS
- Experience in the functional usage and deployment of applications in Apache Tomcat Server
- Actively engaged in all the phases of the project life cycle, which involves Requirements Gathering, Analysis, Design, Coding, Code Reviews, Unit, and Integration Testing
- Working knowledge of Agile, Scrum, and Waterfall development methodologies
- Experience using Bitbucket continuous integration

SKILLS

Web Technologies: HTML5, CSS3, JavaScript, jQuery, Bootstrap, Angular.js, Node.js, React.js, JSON, TypeScript, Angular CLI, Next.js, Redux, Formik, ag-grid, Storybook

Programming Languages: C#.NET, Java, Python

IDE s: Eclipse, Visual Studio, Notepad++

Debugging tools: Firebug, Chrome Developer Tools.

Operating systems: Linux - Ubuntu, Mac OS, Windows.

Testing: JEST, React Testing library

SENIOR SOFTWARE ENGINEER

14th October 2016 to 16th April 2021

Intelligaia Technologies Pvt. Ltd. | Panchkula, Haryana
https://intelligaia.com/

Extensively worked on the front-end side of a web application, building cloud-based web applications and widgets.

Below are completed projects for Cisco Systems Inc

1. **Cisco Ready Connected Experience:**

 Duration - Nov 2016 – April 2021

 Role - UI Developer
   - o Designed and developed the front end of a cloud-based data visualization tool that provides customized, role-based views of Installed Base data used by Sales Leaders and Sales Teams.
   - o Developed charts using d3.js and Angular JS, HTML5, and SCSS.
   - o Did monthly releases, code reviews, daily standup, demos to stakeholders

2. **Cisco Ready One View:**

 Duration - Nov 2018 - March 2019

 Role - JavaScript Developer

   The Application provided one view to understand large datasets in a tabular form by using the plugin ag-grid (Best Grid in the market).

3. **Cisco Campaigns:**

 Duration - April 2019 – April 2021

 Role - JavaScript Developer
   - o The Application helps the client to run different Marketing Campaigns and track the sales report, customers, and partners.
   - o Implemented Master-Detail Table to link two different tables under the same view using angular 10 and ag-grid.

Postgraduate Diploma Certificate | Computer Software and Database Development

Lambton College, Toronto, Canada May 2021-January 2023 (Expected), GPA: 3.47

Bachelors | Electronics and Communications Engineering (2010- 2014) Kurukshetra University, Haryana, India
